OBJECTIVE

Java Full Stack Developer with internship experience in backend development, SQL analytics, and dashboard reporting. Skilled in Java, Spring Boot, MySQL, ClickHouse, Apache Superset, REST APIs, and frontend technologies. Experienced in developing data-driven applications, optimizing SQL queries, and creating analytical dashboards.

EDUCATION

Neil Gogte Institute of Technology

Bachelor of Engineering in Computer Science and Engineering (AI-ML) **CGPA 7.7/10**

Hyderabad, India

2021-2024

Vemuganti Manohar Rao Polytechnic

Electronics and communication Engineering **CGPA 8.4/10**

Warangal, India

2018-2021

SKILLS

- Languages & Backend: Languages: Java, SQL
- Backend: Spring Boot, REST APIs, JDBC
- Frontend: HTML, CSS, Bootstrap
- Analytics & BI: Apache Superset, Data Visualization, Dashboard Development
- Tools: Git, GitHub, Postman, Maven
- Concepts: OOPs, SDLC, Agile Methodology, Query Optimization

EXPERIENCE

Intern – Rythu Sadhikara Samstha

July 2025 – present

- Developed backend modules and REST APIs using Java and Spring Boot
- Implemented CRUD operations and integrated MySQL databases.
- Optimized SQL and ClickHouse queries for reporting and analytics.
- Built data transformations and supported dashboard reporting requirements
- Performed API testing and validation using Postman.

Apache Superset Dashboard Reporting

- Developed dashboards for MIS Reports and farmer analytics.
- Created reports for PMDS type, sowing mode, kit usage, and farmer count.
- Performed SQL-based data transformation and analytics.

Full Stack Java Developer - Tata Strive

Dec 2024 - Mar 2025

- Developed full stack applications using Java, Spring Boot, MySQL
- Created responsive user interfaces using HTML, CSS, and JavaScript.
- Implemented REST APIs and database integration.
- Participated in application design, development, testing, and deployment.

PROJECTS

Farmer Details | Java, Spring Boot, MySQL

- Developed a backend system to manage farmer information with full CRUD functionality using Spring Boot REST APIs.

- Designed workflows for data collection, validation, and persistence into MySQL.

GitHub : [Farmer Details](#)

Skill Hub | *HTML, CSS , Java Script, Java ,Spring Boot, MySQL*

- Developed Skill Hub, a free skill-sharing platform that enables users to share and learn various skills, using Java & Spring Boot for backend logic, and HTML, CSS & JavaScript for UI development
- Developed features for user profile management, skill posting, and search functionality to enhance user experience Managed database interactions using Spring Boot with MySQL to store user data and skill listings efficiently.

CERTIFICATIONS

- Codecademy certification in Java programming language
- Basic-level java skills by earning a Hacker Rank Certification.
- Codecademy certification in CSS language
- Codecademy certification in GIT
- Codecademy certification in HTML
- Codecademy certificate in Springboot
- Codecademy certificate in Bootstrap
- Basic-level SQL skills by earning a Hacker Rank Certification.

ACHIEVEMENTS

- Secured 3 Stars in the SQL domain on Hacker Rank.
- Secured 5 Stars in the java domain on Hacker Rank
